

You Burn Inside of Me

Traci Lords

I still remember your sweet face
Guess some things time cannot erase
So long ago, I know
I've done my best to let you go
There's one more thing you wanna know
If I may just say
I'm still here lost in your love's shadow I could run away with you
Convince myself you love me, too
Then the world comes crashing down
And I catch myself
I don't know what I see
But you burn inside of me
I wish the past would set me free
So could the precious memories
Just let it be
When everything is said and done
What really matters is the one
That makes you yearn
I'm still here trying to save myself
I could run away with you
Convince myself you love me, too
Then the world comes crashing down
And I catch myself
I don't know what I see
But you burn inside of me Don't know what I see
But you burn inside of me
Burn inside of me
