

Put Your Head Out (D.J. Pogo Remix)

House of Pain

I rip shit like a bow when I flow
And I score points with the joints that I throw
Cause I flow deadly
I'm no punk see

I break backs, make tracks and get funky
There's no one to run to cause nobody cares
MC's drop to your knees, say your prayers
The luck of the Irish is about to kick in
Prepare to die and notify your next of kin
I'm goin' all out, buck, duck and call out
That's how I'm livin', punk you better stall out

This is the House of Pain
To come inside is insane
Chorus
I'll put your head out (4x)

Jump up spread out
I'll put your head out
I'll put your head out
Put put your head out
Jump up spread out
I'll put your head out
Hey what up punk?

I'll put your head out
Who steps the booze
When the hoods want to take a cruise
They're feelin' the effects of the booze
Ain't no clues to hold with them fools
Who got smoked even though they scrat crews
You got bruise but I got the booma
Trigger to blast ya askin the bull
Take my life shit, I'll take you to school

In the do what's the difference if your think of droppin Jews
Carbon copy think you're so cool
Stop dreamin' and hallucinatin'
You're caught up in a piece of pain
Click click, punk, now you're thinkin' oh shit

Quit while you're ahead before I fill you full of lead
Chorus
Blessed with the gift, and gifts with the rhyme
I never say quit when I'm out to get mine
It's live and let die, sit back and get high
Smokin' a fat blunt, waitin' for some punk
To act up like he's got somethin' in him

Then I grab the mike and start spittin' out venom
Coughin' up headstones, blowin' out headphones
Steppin' to me, you'll wind up in the Dead Zone
It's nothin' personal, that's how it goes, G
Step up with beef, and you'll wind up losin' teeth
Cause I don't give up the mike that easy
Step back, this ain't government cheese, G
You can stand in line, but you ain't gettin' it
Talk all the shit you want, but I ain't sweatin' it

Chorus
