

# No Way Out (Black Heart Mix)

## Dope

Sick of all the weakness  
And all the pain  
Sick of all the bullshit  
And the shots and the blame  
Sick of all the losers  
And all their lies  
Sick of all the people  
That want to know why You gotta get away  
You gotta get away  
But theres no way out  
No  
Theres no way out Here we go again  
Sick of all you ingrates  
Who just complain  
Sick of all the stupid  
That you push in my brain  
Sick of all thoes who follow  
But don't know why  
Sick of all you assholes  
And I wish youd all just die You gotta get away  
You gotta get away  
But theres no way out  
No  
Theres no way out I'm so sick of it Solution  
Light a match  
Add fuel and burn Sick of all the sorrow  
Without a doubt  
I'll be sick of it no tommrow But theres no way out  
No  
Theres no way out  
I'm so sick of it
