Forever Enslaved

Sacrifice

Trapped in his spell, leads you to hell
the new Messiah emerges
Promise of new life, drawn by strife
Led into psychotic will
Smell the tainted air, your soul stripped bare
Weak thoughts are lured
The cult welcomes you, nothing you can do
Feel the evil stareForever EnslavedBrainwashed to kill, his demands fulfilled
Taste the victims blood
Orgy of homocide, attempting mass genocide
Live by masters command
Led to commit the deed, plant his evil seed
Victims of mind control
Running through the maze, in a brainwashed daze
You are the huntedForever Enslaved
