

# Lay It Down (LP Version)

Jaci Velasquez

Ive been looking till my eyes are tired of looking  
Listening till my ears are numb from listening  
Praying till my knees are sore from kneeling  
On the bedroom floor I know that You know that my heart is aching  
Im running out of tears and my will is breaking  
I dont think that I can carry the burden of it anymore All of my hopes and my dreams and my best laid plans  
Are slowly slipping through my folded hands So Im gonna lay it down, Im gonna learn to trust You now  
What else can I do everything I am depends on You  
And if the sun dont come back up, I know Your love will be enough  
Im gonna let it be, Im gonna let it go, Im gonna lay it down Ive been walking through this world like Im barely  
living  
Buried in the doubt of this hole Ive been digging  
But Youre pulling me out and Im finally breathing  
In the open air This room may be dark but Im finally seeing  
Theres a new ray of hope and now Im believing  
That the past is the past and the futures beginning  
To look brighter now 'Cause all of my hopes and my dreams and my best laid plans  
Are safe and secure when I place them in Your hands So Im gonna lay it down, Im gonna learn to trust You now  
What else can I do everything I am depends on You  
And if the sun dont come back up, Your love, Your love will be enough  
Im gonna let it be, Im gonna let it go, Im gonna lay it down  
Im gonna lay it down, Im gonna lay it down
