

I Had to Try (Instrumental)

Boyce Avenue

So much to lose, but so much to gain
I couldn't let it all just slip away
If I had just kept my mouth shut, I regret all the things I've done
I didn't wanna be asking what I have becomeI knew that you'd probably judge me, but I had to try
I don't care if you never get me, I had to tryI came around, broke your walls down
Wrong or right, I had to try
I made it count, cross your name out,
Wrong or right, I had to trySo much to prove, and so much to say
I couldn't stand around while you slipped away
If I had just carried on and moved right along
I'd still be asking where did I go wrongI knew that you'd probably judge me, but I had to try
I don't care if you never get me, I had to tryI came around, broke your walls down
Wrong or right, I had to try
I made it count, cross your name out,
Wrong or right, I had to tryI came around, broke your walls down
Wrong or right, I had to try
I made it count, cross your name out,
Wrong or right, I had to tryI had to try, had to try
I had to try
