# What You Do to Me

## Carl Wilson

Baby, maybe I look like a fool
Standing before you tryin' to figure out
What you do to meJust to see you, just to hear you speak my name
Makes me feel so weak
That I can hardly stand
What you do to meWhat you do to me
Is like poetry
If I only knew
What you do to meWhat you do to me
Is so heavenly
Wish I could do to you
What you do to meBaby, I'm used to being in command
Know right where I stand
But that was long before
You got through with meNow, I'm beggin'
Don't let me go down in flames
Don't be playin' games
'cause I can't live without
What you do to meWhat you do to me
Is like poetry
If I only knew
What you do to meAh, won't you keep on
Keep on holding me
Keep on kissing me
Keep on driving me wild
Keep on touching me
Keep on huggin' me
Keeps on driving me up to the skyWhat you do to me
Is like poetry
If I only knew
What you do to me
