

A Child With the Ghost

Gary Numan

Nothing I can say
Can make your picture talk
I feel so tired and
Nothing I can do
Will make your picture move
I feel so helpless but
I can feel
A child with the ghost here
You let your heart slip away
If I had one wish
I'd wish to talk with you
I have some questions
Things only you could know
If I had one wish
I'd wish to talk with you
Nothing you can feel
Can feel as cold as this
I'll sing this song and
I'll say goodbye forever
I wonder
If God is all they say
I can't believe in such things.
I suppose
Some games are hard to lose
But you don't have to play 'cause

I can feel
A child with the ghost here
You let your heart slip away
If I had one wish
I'd wish to talk with you
I have some questions
Things only you could know
If I had one wish
I'd wish to talk with you
Nothing you can feel
Can feel as cold as this
I'll sing this song and

I'll say goodbye forever
Sometimes my mind remembers
Sometimes my mind remembers
If I had one wish
I'd wish to talk with you
I have some questions
Things only you could know
If I had one wish

I'd wish to talk with you
Nothing you can feel
Can feel as cold as thisIf I had one wish
I'd wish to talk with you
I have some questions
Things only you could know
If I had one wish
I'd wish to talk with you
Nothing you can feel
Can feel as cold as this
I'll sing this song and
I'll say goodbye forever
