Touch Me

Deitrick Haddon

Give me a old school beat
This is what we gon' do with it
I gotta be feel with the Holy Ghost
Knot that ties me from my head to my toes
You said if I pray You would deliver me
Break those chains, Lord, that were bindin' me
Hey, only You can make me right
Lord, I'm askin' You to change my life
I need You
Touch me one more time
Touch me one more time
Touch me one more time
Touch me one more time
I wanna be free with Your Holy Spirit
And there are days when I just can't feel it
But I know You're there, You said You'd never leave me
And I must say, Lord You've been good to me
Lord, I'm askin' You for help
You've been better to me that I've been to myself
I need You to touch me
Touch me one more time
Touch me one more time
Touch me one more time
Touch me one more time
Touch me one more time
Touch me one more time

Touch me one more time
Touch me one more time
One more time
One more time
One more time
I need You to touch me
One more time
One more time
One more time
I need You to touch me
People right there clap your hands
I've just got a question

Anybody need a touch?
Anybody need a touch, a touch
Need a touch, hey, one more time
Anybody need a touch, a touch
Need a touch, hey, one more time
Anybody need a touch, a touch
Need a touch, hey, one more time
Anybody need a touch, a touch
Need a touch, hey, one more time
I need it, I need it, I need it
I need it, I need it, I need it
I need it, I need it, I need it
I need it, I need it, I need it
I need it, I need it, I need it
