

She Wasn't Last Night

Jesse Powell

Last night was a real good night while you was out playin' your game
Askin' for numbers and names somethin' else was goin' on at the spot
Your girl felt a little hot so I had to cool her down
While you was out foolin' around She was your girlfriend, but she wasn't last night
She was out foolin' around, sayin' all night you wasn't her type
If she was your girlfriend, then she wasn't last night
She was out foolin' around, sayin' all night you wasn't her type Now I can understand why you're pissed
'Cause you would've never thought your girlfriend
Could ever let somebody else come sleep in your bed
She played with your head But you're wrong for commin' to me
Actin' like it's my responsibility
To pass up what's given to me
It's her game, I won't take the blame She was your girlfriend, but she wasn't last night
She was out foolin' around, sayin' all night you wasn't her type
If she was your girlfriend, then she wasn't last night
She was out foolin' around, sayin' all night you wasn't her type Now I think that you should have done more
And maybe she wouldn't be knockin' at my door
But since she is, I have no choice, so therefore
Come in, baby, it's okay And she knows that she doesn't have to leave
'Cause all night, it's alright you're with me
You see you shouldn't have left her standin' in the rain
It's your loss but it's my gain She was your girlfriend, but she wasn't last night
She was out foolin' around, sayin' all night you wasn't her type
If she was your girlfriend, then she wasn't last night
She was out foolin' around, sayin' all night you wasn't her type I know that you wanna know if we were
sneakin' on the low
She said that she was all alone, so I took her home then it was on
I see her out all the time, never knew why I was on her mind
If I wasn't in my place but if I didn't I wouldn't be your man She was your girlfriend, but she wasn't last night
She was out foolin' around, sayin' all night you wasn't her type
If she was your girlfriend, then she wasn't last night
She was out foolin' around, sayin' all night you wasn't her type She was your girlfriend, but she wasn't last night
She was out foolin' around, sayin' all night you wasn't her type
If she was your girlfriend, then she wasn't last night
She was out foolin' around, sayin' all night you wasn't her type
