Walking down the highway traffics coming my way
all I see are flashing lights
People wearing blue suits wanna know the real truth
how many did I have tonight?
Looking at the wreckage anyone would guess that all inside had died
But I'm aliveWake up in a strange place angels over my head
one of them is shouting clear
1000 bolts of lightning bring me back to life
and it's a miracle that I'm still here
As I'm coming too, screaming out for you I need you by my side
Now I'm aliveNo I didn't pray to God
No I never saw the light
No I didn't watch my life go flashing right before my eyes
No I didn't do the things that they all said that I would do
I just close my eyes and all I saw was youAll the things in my head everything left unsaid
I never got a second to say
Knew that I adored you the moment that I saw you
just terrified you'd push me away
Though we're dying slowly just want you to hold me what are we waiting for
We're aliveNo I didn't pray to God
No I never saw the light
No I didn't watch my life go flashing right before my eyes
No I didn't do the things that they all said that I would do
I just close my eyes and all I saw was youIf I don't die lying in the rain and I live another day
then I'd run to you
Cos I don't have regrets just things I never say I need youNo I didn't pray to God
No I never saw the light
No I didn't watch my life go flashing right before my eyes
No I didn't do the things that they all said that I would do
I just close my eyes and all I saw was you
