

A Fake Prophet

LENPARROT

I'm on my way to save your soul
I don't know exactly how it goes
You said you do not know who I am
You thought you should talk to someone else

Tell all your secrets
To a fake prophet

I'm on my way to save your soul
I don't know exactly how it goes
This is the first mistake you made
Let me rip this book inside your head

Tell all your secrets
To a fake prophet

I'm on my way to save your soul
I don't know exactly how it goes
