

# Super Rat

## Honeyblood

You are the smartest rat in the sewer  
You know all the nooks and the cracks, to allure  
Unsuspecting mice, they don't have to think twice  
You are the smartest rat, in the sewer  
Come on come on down into the pull  
Oh my darling you'll be alright,  
it was just for one night,  
see what it's like on the other side I will hate you forever  
I will hate you forever  
Scum bag, sleeze, slime ball grease,  
You really do disgust me  
Your love is like a crooked old  
Entice you in, elegantly styled  
I knew you we're bad all along  
But still I swam in to welcoming jaws Oh, come on come on down into the pull  
Oh my darling, you'll be alright  
See what it's like on the other side  
I will hate you forever  
I will hate you forever  
Scum bag, sleeze, slime ball grease,  
You really do disgust me  
I will hate you forever  
I will hate you forever  
You really do disgust me  
You really do disgust me
