

March Out Of The Darkness

Papa Roach

It feels like the end of the world
It seems like nobody cares
Is it real or am I going insane
Am I ever gonna change my way
Separated
Sick of the mess I Created
The Pressure keeps rising
When the truth is what I'm finding
We March out of the darkness
We revel in the flames
The mission is accomplished
I'm ready for the cage
The only thing that will set us free
Is living through the pain
And the only thing that I cannot take
Will never be the same.
It feels like I'm still in a cage
I scream till I'm blue in the face
Is it real or is it a phase
It's time that I change my ways
I'm ready I'm willing
To take what I've been giving
The pressure keeps rising
'Cause the truth is what I'm finding
We march out of the darkness
We revel in the flames
The mission is accomplished
I'm ready for the cage
The only thing that will set us free
Is living through the pain
And the only thing that I cannot take
Will never be the same.
It's OK, it's alright
Just let go you'll be fine
It's OK, it's alright
Just let go you'll be fine
We March out of the darkness
We revel in the flames
The mission is accomplished
I'm ready for the cage
The only thing that will set us free
Is living through the pain
And the only thing that I cannot take
Will never be the same.
It's OK, it's alright
Just let go you'll be fine
It's OK, it's alright

Just let go you'll be fineIt's OK
It's alright
Just let go, you'll be fineIt's OK
It's alright
Just let go, you'll be fine
