

Hey Stranger

MÃªlÃ©

My voice is yours to keep for years
And all the while your dreams of me can sleep
Is this the only way to find
The best way for you to run and hide
I am here and you are there at separate ends

Whisper goodbye, as your fears are slowly shattered
Whisper goodbye, to a million man made heart beats
Buried and dead, buried and dead
We're all strangers in the making

In this room the same old games
But the same old games get tired They're tired day after day
First in love and second dread
So close your eyes
Relax and slowly tilt your head
Back in my hands where we first met
I'll paint your scene with tears and sweat
Fingers bleed, and people need so engessly

Whisper goodbye, as your fears are slowly shattered
Whisper goodbye, to a million man made heart beats
Buried and dead, buried and dead
We're all strangers in the making

When walking backwards makes the day go faster
Then you'll see what never really mattered
Whisper as your fears are slowly shattered
They're shattered, shattered, oh they're shattered, oh they're shattered

Whisper goodbye, as your fears are slowly shattered
Whisper goodbye, to a million man made heart beats
Buried and dead, buried and dead
We're all strangers in the making

whisper goodbye, goodbye (4x)
