If I Could Make the World Dance

R. Kelly

Woah woah woah
Woah woah woahSigns and wonders that the television shows
Hate and poverty for the more, lets me know
That life is a stage and we're all in the show
Starring the world 'cause we all blowIf we just give each other a chance
Then we might just fall in lovePicture us in a land
Where there's no more war
Shaking hands with my brother
And respecting my sistersI'm offering a dance that heals
A melody you can feel
Love is the key
All it takes is you and me, yeahIf I could make the world dance
Then they would dance something like this
If I could make the world groove
Then they would groove something like thisIf I could make the world sing
Then they would sing something like this
If I could make the world love
Then it would be something like this, yeahTell me, why can't more hungry people overcome
When they've got the means to build bombs? Yeah
We're so quick to say, "God bless America"
But take away, 'In God we trust'
Tell me, what the hell is wrong with us?Heaven
If we just give each other a chance
Then we might just fall in lovePicture us in a land
Where there's no more war
Shaking hands with my brother
And respecting my sistersI'm offering a dance that heals
A melody you can feel
Love is the key
All it takes is you and me, yeahIf I could make the world dance
Then they would dance something like this
If I could make the world groove
Then they would groove something like thisIf I could make the world sing
Then they would sing something like this
If I could make the world love
Then it would be something like thisHappy people, baby
Dance with me mama
Dance with me mama
Dance with me mama

Dance with me mamaDance with me mama
Dance with me mama
Dance with me mama
Dance with me mamaDance with me mama
Dance with me mama
Dance with me mama
Dance with me mamaPeople, there's got to be
A place we can go
And dance out the day
So meet me at theSpot that we used to go
And just step the night away
Please let's just rewind time
And go back 'cause I miss those daysIf I could make the world dance
Then they would dance something like this
If I could make the world groove
Then they would groove something like thisIf I could make the world sing
Then they would sing just like this
If I could make the world love
I surely would, surely would
Then it would feel something like thisIf I could make the world
If I could make the world
If I could make the world
If I could make the worldIf I could make the world
If I could make the world
If I could make the world
If I could make the worldIf I could make the world
If I could make the world
If I could make the worldChocolate factory
If I could make the world dance, I truly would
Marvin Gaye inspired me to write that one, y'all
Just as Frankie Beverley inspired me to write 'Love Street'
You know every day is a special occasion, y'all
You know why? 'Cause you woke up this morning
Happy people, baby
