Misfit

Murmurs

Time and time again
They put me down and lock me in
'Cause I'm my only friend, I'm a misfitThey'll take me down, won't let me in
I'm giving them my girlish grin
Don't look at me that way again
I stare 'em down, just stare 'em downMisfit, I'm not cool
Won't quit, they're so cruel
Misfit, I take the fallThey'll crush me down or push me in
'Cause they don't know where I have been
I close my eyes and count to ten
I stood my ground, just stood my groundTime and time again
They put me down and lock me in
'Cause I'm my only friend, I'm a misfitBacked into the wall
Trip me up to watch me fall
They never know me at all, I'm a misfitWhere do I belong because I'm all alone
Running from myself I can't go homeMisfit, they want me
Won't quit, they haunt me
Misfit, I scare them allTime and time again
They put me down and lock me in
'Cause I'm my only friend, I'm a misfitTired out and turnin' in
I always end where I beginTime and time again, they put me down and lock me in
(Misfit, I'm not cool, won't quit, they're so cruel)
'Cause I'm my only friend, I'm a misfit
(Misfit, I take the fall)Backed into the wall, they trip me up to watch me fall
(Misfit, they want me, won't quit, they haunt me)
They'll never know me at all, I'm a misfit
(Misfit, I scare them all)Time and time again, they put me down and lock me in
(Misfit, I'm not cool, won't quit, they're so cruel)
'Cause I'm my only friend, I'm a misfit
(Misfit, I take the fall)Backed into the wall, they trip me up to watch me fall
(Misfit, they want me, won't quit, they haunt me)
