20 Good Reasons

Thirsty Merc

They said love hurts
I wrote that book
I climbed that wall
I had one look
But you just came around, to say helloThe streets were filled with guilty hearts
And here was I right from the start
And I lost everything
When I lost youSo tell me why-y-y-y
Should I let you go
Give me 20 good reasons
I need to know
YeahAnd at that point
There was no pain
There was no sky
There was no rain fall
All there was was you and your sweet faceBut life is life
And things will change
Like scenes upon an actors stage
Tomorrow comes today
for all we knowSo tell me baby why-y-y-y
Should I let you go
Give me 20 good reasons
I need to know
YeahGive me 20 good reasons [X3]
To let you goSo tell me baby why-y-y-y
Should I let you go
Give me 20 good reasons
I need to know
YeahSo tell me baby why-y-y-y
Should I let you go
Give me 20 good reasons
I need to know
Yeah, yeahGive me 20 good reasons [X2]
Good reasons
I need to know
YeahGive me 20 good reasons [X3]
