

# Coppers In Force

## Devotchkas

Coppers in ForceCoppers are out in force tonight  
Better look out, better keep em in sight  
Don't know what they'll bust us for  
Doesn't really matter, you'll be out the doorCoppers are out  
Coppers are out  
Coppers are out in force tonightPiss on them for the shit they cause  
Fuck 'em all for their fucked up laws  
Doesn't matter what you say  
You're always on the wrong  
And now it's your time to pay
