

Mirror

Rebecca St. James

May the words of my mouth please You, dear God
May the thoughts of my heart say to You
That all that I desire is to be with You forever
Lord, I pray, I pray that You Take me, make me beautiful to You
Create me so I mirror You
Take me, make me an image of You
Lord, I want to mirror You Let the words of my mouth please You, dear God
May the thoughts of my heart be as Yours
'Cause all that I desire is to be here with You forever
Lord, I pray, I pray that You Take me, make me beautiful to You
Create me so I mirror You
Take me, make me an image of You
Lord, I want to mirror You I do
Break me out of my complacency
Breathe Your breath of life into my soul, into my soul
May the words of my mouth please You Take me, make me beautiful to You
Create me so I mirror You
Take me, make me an image of You
'Cause, Lord, I want to mirror You
Take me and make me an image of You
Lord, I want to mirror You Mirror You, mirror You
Mirror You, mirror You
I long to mirror You
