I Wouldn't Change a Thing

Ronan Keating

You took my body, yeah yeah and
everything I have
My heart, my soul, my money and it
was so easy for you
But how could I refuse, when you knew
how to use that bodyBut it gets so hard when you love someone
But they can't love you, so you love aloneBut I wouldn't change a thing, no no
If I could do it all again, yeah
Did it make me a better man
I don't know, 'coz make me what I am
Was that part of you plan
Well I wouldn't change a thingAin't it funny
How easy you can fall when
your heart is doing
All the talking
And it got so crazy sometimes
Walking over me,
I guess it must have seemed so easyBut it gets so hard when you love someone
But they can't love you, so you love aloneI won't hold on, I won't hold on
'Coz I 'm moving on, moving on...[Chorus (repeat)]No I wouldn't change a thing
