

Get Up & Go

Hanson

Get Up & Go

(I. Hanson, T. Hanson, Z. Hanson)She plays guitar with her fingertips

She'll play your heart with her tender lips

She'll work it out until she makes the tips

And it's alright, yeah it's alright

Holding her tight in late December

I look in the stars and I remember

She doesn't mind when you offend her

And it's alright, yeah it's alrightJust a girl like you, and maybe just a

Just a guy like me, maybe we

Could take a walk on the wild side

Take a look and see

Get up and go

Just a girl like you, and maybe just a

Just a guy like me, maybe we

Could take a walk on the wild side

Take a look and take a look and go

Get Up and GoWhat could I give when you've got all you need

And she looks at me like all I want's a little free

Every time I look at you it makes me see

That it's alright, yeah it's alright

We'll get away be in love we can make it better

All I need's a little time for us to get together

Happiness is just a step away

When it's alright, yeah it's alrightJust a girl like you, and maybe just a

Just a guy like me, maybe we

Could take a walk on the wild side

Take a look and see

Get up and go

Just a girl like you, and maybe just a

Just a guy like me, maybe we

Could take a walk on the wild side

Take a look and take a look and goOoh oh, ooh oh, won't you go

Ooh oh, ooh oh, won't you go

Ooh oh, ooh oh, won't you go

Take a look and, take a look and goSeems like love has always found a way

But there's only so many hours in the day

All that I know is that you're here with me

And it's alright, yeah it's alright

Won't you tell me that you need me so bad
'Cause you are everything I've never had
Every time I look at you it hurts so bad
And it's alright, yeah it's alright Just a girl like you, and maybe just a
Just a guy like me, maybe we
Could take a walk on the wild side
Take a look and see
Get up and go
Just a girl like you, and maybe just a
Just a guy like me, maybe we
Could take a walk on the wild side
Take a look and take a look and go
Get up and go
