Sweetness In Starlight

Matt Wertz

Fallin' asleep
To the sound of stars
Shooting 'round the moon
But I can't watch them fly tonight, baby
I'm too busy watchin' you.
I guess your smile is the sun's way
Of lighting up what's dark
So shine, shine, shine for me baby
It only takes a spark
Sweetness in starlight
Sweetness 'til day sighs
Sweetness in starlight
Sweetness 'til sun rise
And there's nothing under these bright stars
That could bring this night to ruin

So hold on tightly to me baby
Because tonight's gonna end too soon
And you're touch is potent medicine
Knocks me out with just one shot
I've never seen such strong elixir, baby
Fixes all that I'm not
You fix all that I'm not, yeah.
Sweetness in starlight
Sweetness 'til day sighs
Sweetness in starlight
Sweetness 'til sun rise
I'm holding so tightly, baby
I won't let you go.
