

# Fire It Up

## Black Label Society

Fire it up, let the engines roll  
It's time to burn it down  
Keep bleeding on 'til the day you die  
Forever love it loud, yeah Hellfire, doom, watch the hatred spin  
Beyond the speed of sound  
Fire it up, let the engines roll  
It's time to burn it down, yeah Keep moving on, keep moving on  
Keep moving on, keep moving on  
Keep moving on, keep moving on Face your fear, accept your war, it is what it is  
Face your fear, accept your war, oh yeah
