Girls Like That

Deep Purple

I'm in a bad spot, babe
I can't hear what you say
I'd love to stop and talk
You keep fading awayJust the way she said it
Something in her tone
And always so convincing
But she's good on the phoneI'll wait until she's ready
That could be a while
She always takes her time
Then she turns up in styleSomething not right
Didn't recognize the car
Women being what they areThere is no sense of reason
In a reasonable world
Makes any sense at all
To a reasonable girlShe said, "You know what I mean"
But I couldn't understand
Didn't know what she meant
I'm a reasonable manIt wasn't meant that way
I was only having fun
She looked me in the eye
But the damage was doneI got the vague impression
She was under my thumb
But I looked the other way
And I had to succumbGirls like that
I want girls like that
Girls like that
I like girls like thatGirls like that
I know girls like that
Girls like that
I like girls like that
