

No Control

Pepper

Hey, I got the right of way
And that's all you got to sayI been thinking about, thinking about
Some things I thought I'd never be thinking
Too many drugs dropped into my mouth
Looking for something new but I end up drinkingIgnore the warnings on the shore
I'll take my chance swim into danger
I wanna taste life more and more
But you need a little risk for the perfect mixtureThis is your station under no control
Broadcasting for you to let go
This is your station under no control
Get up, get up, get up, get up, enjoy the showHey, I got the right of way
That's all I got to sayJesus gone just a flame and a bomb
Now how do you explode unstable
A big suit with a brief case
I'm holding contracts stating how your labeledHolding on to a phone on hold
While I'm told to wait for the next operator
I wanna taste life uncontrolled
Oh, no here I go I hope to see you laterThis is your station under no control
Broadcasting for you to let go
This is your station under no control
Get up, get up, get up, get up, enjoy the showHey, I got the right of way
That's all you got to sayThis is your station under no control
Broadcasting for you to let go
This is your station under no control
Get up, get up, get up, get up, enjoy the showThis is your station under no control
Broadcasting for you to let go
This is your station under no control
Get up, get up, get up, get up, enjoy the showEverything that I would like to see
Broadcast this emergency
Everything that I would like to see
Broadcast this emergencyEmergency, emergency
Emergency, emergency
