Mad Man

Tribal Seeds

These are the words of a madman, I love you
These are the words of a madman, I love you
Those are his words in my opinion
Cuz what would you do for love, for true love
Time it test your innocence
Hypnotized by your lust
And you betrayed my trust

You drive I mon insane
You drive I mon crazy
You drive I mon insane
You drive I mon crazy

Whoa I, whoa whoa
Just is I insanity
I is who I is for a reason
Yet you stood there and laughed at me
You replace your love with treason
I heart I soul has no room for pride at all
I heart I soul has no pride at all
Said I was hypnotized by your lust girl
And you betrayed my trust

These are the words of I man, I love you
You wear a mental crown
You treat love like a game
You run I to the ground
You drive I mon insane
So crazy, so crazy
