

Bobby Wants a Puppy Dog for Christmas

Merle Haggard

Bobby wants a puppy dog for Christmas
And I know you plan to bring an electric train
But Bobby wants a puppy dog for Christmas
That's the only song we hear him sing Santa, please remember Bobby is lonely
And the closest neighbor's farm is quite a ways
And the country school don't have no children Bobby's size
And I'd like to give him something he can raise But Bobby wants a puppy dog for Christmas
And I know you plan to bring an electric train
Bobby wants a puppy dog for Christmas
And that's the only song we hear him sing Butch and Susie won't be here for Christmas
And Bobby won't see his cousins now till spring
If we could find a playmate he could play with
Hey Santa, that'll be all you have to bring
