

# Gorgeous

Izzy Bizu

What about love  
What about joy  
Are you gonna knock me down  
Is it all in your head  
Your mind is made up  
You made your point yet again  
Are you gonna leave this town  
Could you just please stick around I saw your picture on my Bedroom door  
You left a note saying no, no more Now gorgeous  
Everyone around you just adores you  
You don't like what you see in the mirror  
At least if you go take me with you, now Georgia  
Yeah yeah yeah yeah  
Yeah yeah yeah  
Oh, Georgia  
What happened to you  
I think as you sleep, beautiful  
You don't even laugh anymore  
You can face all of your fears  
And the walls disappear I saw your picture on my Bedroom door (Yes I Did)  
You left a note saying no, no more Oh gorgeous  
Everyone around you just adores you  
You don't like what you see in the mirror  
At least if you go take me with you, oh Georgia  
Yeah yeah yeah yeah  
Yeah yeah yeah  
Oh, Georgia  
Suddenly you just break  
And your life is at stake  
A cliff-edge, darling  
Cliff-edge, darling  
Now cut down the rage  
And try start a new page  
I stop you falling  
Stop you falling  
Don't you know that you are Everyone around you just adores you  
You don't like what you see in the mirror  
At least if you go take me with you, oh Georgia (Oh Georgia)  
Yeah yeah yeah yeah

Yeah yeah yeah yeah  
Everyone around you just adores you  
Yeah yeah yeah yeah  
Take me with you, oh, Georgia  
Mama, Georgia
