Saviour Love

Avalon

Confiscated from the darkness
And placed the palaces of light
You pursued the very part of me
I didn't want to scarificeNo, You're the muse my heart is after
You have won the passion of my sould
No, I find it's me that's chasing You
And I never want to let You goOh, Savious love
Lost without my Saviour love
You'll awalsy be the only One
Oh, my Saviour loveI'm in love with Your mystery
And Your supernatual ways
Like when I overstep love's boundary
Only to fall into a bed of graceSaviour love, I am spellbound
At the very mention of Your name
I was set free when You captured me
And I'll never ever be the sameHow I need you
Help me make it
Oh, my Saviour love
Help me make it through
