

# Sane (Metalheads EZX)

## Meshuggah

Come and hear my twisted lies, the way I bend and falsify  
A master of deception, user of an untrue smile  
A rapist of the truth, adapting it to fit my cause  
I'm the human lie, a sad composition of all things vile  
Come and read my tainted lies. Lies.  
Come see my wretched, tainted mind  
Bury, cover up, repress. I betray the people I "possess"  
What ever enemy - I'll disable with mendacity  
I make my way, extend my ground, I clear my future-path  
When it comes to joys, manipulation is my game of choice  
How I shine. I ...  
The perfect freak. Confide in me  
Me... Believe in me  
My intentions soon you will see  
The sway of my scheme, imposed upon all  
Come follow me, my puppets to be,  
I'll attach my strings, manipulation begins  
SANE ME  
SANE ME  
SANE ME  
SANE ME  
I'm the way, I'm the truth  
Gather with me, I'm the future guide  
SANE ME  
SANE ME  
SANE ME  
Gather with me, Join my ministry  
I'm the way, the future guide  
I'm the self-acclaimed god of wicked games  
Sinister, repugnant bringer of pain
