Clarice

Clarice FalcÃ£o

Clarice, lay down your mind, its there, just hard to find
Follow me as we wind our way awayBehind an open door, there lies a million more
Follow me as we wind our way awayTime is coming soon, Ill find you
(Time is coming soon, Ill find you)
Time is coming soon, Ill find you
(Time is coming soon, Ill find you)
Time is coming soon, time is coming soonBehind an open door, there lies a million more
Follow me as we wind our way awayTime is coming soon, Ill find you
(Time is coming soon, Ill find you)
Time is coming soon, Ill find you
(Time is coming soon, Ill find you)
Time is coming soon, time is coming soon
