

Pleasure You

Britney Spears

You got it girl
You're ready feelin' the rhythm
The beat goes wild
So crazy under rush of thinkin'
Come on girl
Just bring it on and getting closer
You celebrate
Tonight you're all I ever wanted
Chorus
So hutch it up on the dance floor
Now shake it up I'll make you wonder
Your body's sweating to the music
Oh boy I'm lovin' what you're doin'

You got it girl
Just give me freaking out addiction
The party is wild
So .. tonight you got me crushing
Come on girl
Just turn me on and feel the fire
Let's celebrate tonight I'm all you ever wanted
Chorus
You're burning
I'm burning
Chorus
