Saved

Burning Jet Black

Drawing lines and shooting hairs
The best plans getting laid
Traded in an honest wage
The home that we had made
Ain't no past to wring me drySave my soul don't let it slip awayWounded man gonna leave his mount
But I'm never gonna fold
My 19 year old flew the coop
She could never be controlled
But she kept me from growing oldSave my soul don't let it slip away
Save my soul don't let it slip away
I'll take you out and load you up
You're gonna show them what I love
I'll take you out and load you up
We're gonna show them what I loveYour favorite son has a trigger hand
The kids are out of luck
The fear is building in their hearts
Tonight they'll self-destruct
'Cause no one here is innocentSave my soul don't let it slip away
Save my soul don't let it slip away
I'll take you out and load you up
You're gonna show them what I love
I'll take you out and load you up
We're gonna show them what I love
Save my soul don't let it slip away
