

Let It Rain

Sybil

Rain is falling in the middle of the night
Lightnings flashing but it alright
Cause Iâ€™m safe and sound
Right here inside your arms
There is no danger no harm
Dark clouds scrolling cross the midnight sky
Thunders rolling
But you and I are wrapped up tightly
Lost in ecstasy
So let it rain baby baby
For eternity

Let it rain
All night
Let it rain all night
Long as you hold me tight
Everything will be alright
Let it rain
All night
Let it rain all night
Let it rain
All night
All night
All night
All night
All night

Wind is whistling
Every treeâ€™s in sway
But weâ€™re here kissing
All our cares a way
Thereâ€™s too much love here
Too much to contain
So let it flow baby baby
And I wonâ€™t complain

Let it rain
All night
Let it rain all night
Love me with all your might

Until the morning light

Let it rain all night

Let it rain

All night

All night

All night

All night

If the sun doesn't shine tomorrow

Baby I won't mind

(Oh no not me)

Cause as long as we're together

I've got all I want

And all I need

Ooooooh

So it let it rain

Let it rain

All night

Let it rain all night

Long as you hold me tight

Everything will be alright

Let it rain

All night

Let it rain all night

Let it rain

All night

All night

All night

All night

Let it rain

All night

Let it rain all night

Love me with all your might

Until the morning light

Let it rain all night

Let it rain

All night

All night

All night

All night

Repeat until fade
