

Love Changes Everything

[Andrew Lloyd Webber](#)

Love, love changes everything
Hands and faces, earth and sky
Love, love changes everything

How you live and how you dieLove can make the summer fly

Or a night seem like a lifetime

Yes love, love changes everything
Now I tremble at your name

Nothing in the world will ever be the same

Love, love changes everything

Days are longer, words mean more

Love, love changes everything

Pain is deeper than beforeLove will turn your world around

And that world will last for ever

Yes love, love changes everything
Brings you glory, brings you shame

Nothing in the world will ever be the sameOff into the world we go

Planning futures, shaping years

Love bursts in and suddenly

All our wisdom disappears

Love makes fools of everyone

All the rules we make are broken

Yes love, love changes everyone

Live or perish in its flame

Love will never, never let you be the sameLove will never, never let you be the same!
