

In High Places

[Mike Oldfield](#)

Look down from in high places
Lift off the ground
Without a sound, yeahWe move through open spaces
The wind, it pulls
The sky gets close, yeahCould we get much higher?
Could we get much lighter?
Navigator to heavenCheck out, did you check your heart?
This cloudless blue
This starlight night, yeahShoot out into the shining
That devil moon
(That devil moon)
He sings of love, yeahCan we get much higher?
Can we get much lighter?
Navigator to heavenThe stars, so close we touch them
They seem so small
They make me wonderFar out in formation
Five thousand moons
Floating balloonsCouldn't get much higher
Couldn't get much lighter
Navigator to heaven
