

Steam Will Rise

Silverchair

Contain yourself, I will compress
What I am too
Replace yourself with what you have
Your substitute Only wanted a piece of myself
Steam will rise, esteem will rise
Steam will rise, esteem will rise Refrain, confess, contain, repress
Pretend I'm dead
Abuse myself, confuse myself
I won't be led Only wanted a piece of myself
Only wanted a piece of myself
Only wanted a piece of myself Steam will rise, esteem will rise
Steam will rise, esteem will rise Steam will rise, esteem will rise
Steam will rise, esteem will rise
