Hard

Rollins Band

It's hard to get high
And it's hard to get thru
It's hard to hear me
When I'm talking to you
You see these hard eyes
You know what I mean
These eyes got hard
After what they've seen
I'm that hard man
So good to find
I'm that hard man
With an iron mind
I got hard
I stayed hard
Can't keep me down
Because I'm hard
I keep moving because I'm hard
I keep burning because I'm hard
I'm going over
Not getting by
Hard sense makes sense
Real pain is what I reach
The real this is what I keep
I am because I'm hard
I will because I'm hard
