

Whatever Gets You Through Today

The Radio

Someone said today,
There's no other way
Of playing....But I'll find a way,
I'll find another way
Of saying....All the time we have for life,
Thinking 'bout the lives we had
Together....Whatever gets you through today
Whatever gets you through today
Whatever gets you through today
Whatever gets you through todaySometime yesterday,
There was another way
Of dreaming....But there's another way
You don't have to be a hero....God, it's not easy
There's a lot to keep you holding
On forever....Whatever gets you through today
Whatever gets you through today
Whatever gets you through today
Whatever gets you through todayWhatever gets you through today (x12)
