Already

Mykestro

(yeah yeah yeah) Baby it's Marcus Cooper yeah
ooh stop talkin like that
don't you know a nigga tryna concentrate
ooh stop moaning like that
make me wish I wasn't coming home late
I'm tryna work
but you keep sending pictures
of different positions
that you know I'm wanna getcha
and when I come back home but
for the record baby I think you should know
I'm about to bust (already)
from the thought (already)
of your love(already)
we ain't touching but the thought can get me up(already)
all my life(already)
I'm on call
but I know
we gon have to slow it down
cuz I can't do what I wanna do right now ooh
thinking bout your love(already)
cuz your love (already)
makes me wish I was
already already already(with you)
ooh don't text me that shit
you know exactly where that makes my mind go
ooh she said she wanna kiss
now she wanna speak into my microphone

I saw you called you left me a message
tryna wait five minutes fore I go outside and check it
cuz I can't take no more
pressure before I come walking through that door
I'm about to bust (already)
from the thought (already)
of your love(already)
we ain't touching but the thought can get me up(already)
all my life(already)
I'm on call

but I know
we gon have to slow it down
cuz I can't do what I wanna do right now ooh
thinking bout your love(already)
cuz your love (already)
makes me wish I was
already already already (with you)
baby soon as I get home I'ma put it on you
so won't you throw on something sexy baby set the mood
you know what I wanna do
so won't you give it to me give it to me give it to me oohhhh
my body yearning
for a taste of your love(a taste of your love)
thought of your loving make a nigga wanna nigga wanna nigga wanna bust
already already already
already already already
we gon have to slow it down
cuz I can't do what I wanna do right now
already already already already already(with you)
