

Ride the Beat (Interlude)

Faith Evans

Hmmmm...

Hey Hey Hey...

Ooh yeahh...Baby you know that we can work it out

You ain't gon' worry 'bout doing without

Cause as long as you're with me, I got you babyI can love you all night long (I can love you)

Let me love you all night long (All night long)

We can ride the beat like a love song (Ooooh we can ride the beat like a love song)

x2

You feel that?

That's cool...

Ooooh yeahhhhThe way you're kissing and touching

The way you're biting and loving me baby

You know it make me feel so good (know it make me feel so good)

So believe me when I say

That I can love you down

I can love you all night long (baby let me love you down)I can love you all night long (all night long)

Let me love you all night long (baby we can ride the beat)

We can ride the beat like a love song,

Like a love song (yeah), ride it like a love song

Rock it like a love songI can love you all night long (baby, baby babe)

Let me love you all night long (baby we can ride the beat)

We can ride the beat like a love song (like a love song; we be makin' love like a love song baby)

You feel that?

That's cool.

You feel that?

That's cool...
