# Face In a Crowd

## Kosheen

We move in numbers
Like shifting sand
But we're too eager
To understand
Cos we're not ready
We're too proudNow we're finding a different way
We've been chasing each others tails
Now we're riding a new wave
All on our own way
More than a face in the crowdHundreds of people
All running 'roundBut there's no colour
And there's no soundWe move in silence
Looking downNow we're finding a different way
We've been chasing each others tails
Now we're riding a new wave
All on our own way
More than a face in the crowdNow we're finding a different way
We've been chasing each other's tails
Now we're riding a new wave
All on our own way
More than a face in the crowdNow we're finding a different way
We've been chasing each other's tails
Now we're riding a new wave
All on our own way
More than a face in the crowdNow we're finding a different way
We've been chasing each other's tails
Now we're riding a new wave
All on our own way
More than a face in the crowdNa na na
Na na na
Na na na
More than a face in the crowdNa na na
Na na na
Na na na
More than a face in the crowd
