

A Song For Skye

Case

You know a man could never truly understand
The beauty of a woman
Until he takes part in making one
I love you, Skye, I love you
My sunshine, you're my life, you're my life, you are
You are my reason
Girl, I sing this song to you
I love everything about you
You are my reason
Girl, I sing this song to you
I love every little thing about you
Sitting here thinkin' 'bout you, girl
And what you mean to me
And how long it took me to believe
How much you really change my life, oh yeah
In your eyes I can see the sunshine
Girl, I'm so happy, you're all mine
You are the reason, my sun shines
Why everything seems just fine
Your daddy's so proud of you
And all the little things you do
Sometimes I ask my God why
He blessed me with you, Skye
Just know that you were made from love
And give thanks above
You are my reason
Girl, I sing this song to you
I love everything about you
You are my reason
Girl, I sing this song to you
I love every little thing about you
I was walking 'round lost for oh so long
Till little lady came my way
And it made me say
That I love you unconditional, baby
'Cause now I'm whole, you're in my soul
All I do is think about you, baby
You are the reason, my sun shines
Why everything seems just fine

Your daddy's so proud of you
And all the little things you do

Sometimes I ask my God why
He blessed me with you, Skye
Just know that you were made from love

Give thanks above

You are my reason

Girl, I sing this song to you

I love everything about you

You are my reason

Girl, I sing this song to you

I love every little thing about you

You're in my prayers every night

Asking God to keep you, yeah

Safe in His arms, it's alright

Pretty little mama

You are my reason

Girl, I sing this song to you

I love everything about you

You are my reason

Girl, I sing this song to you

I love every little thing about you

You are the reason, my sun shines

Why everything seems just fine

Your daddy's so proud of you

And all the little things you do

Sometimes I ask my God why

He blessed me with you, Skye

Just know that you were made from love

Give thanks up above

You are my reason

Girl, I sing this song to you

I love everything about you

You are my reason

Girl, I sing this song to you

I love every little thing about you

You are my reason

Girl, I sing this song to you

I love everything about you

You are my reason

Girl, I sing this song to you

I love every little thing about you
