

# Stranger

## Thousand Foot Krutch

It's just a state of affection  
Just need something to cure the infection  
I don't want to be a misconception  
No, no, don't want to break the connection  
It's just the pent up aggression  
That drives me into this direction  
If I had to ask just one question  
"Oh no, how come they don't listen?"  
I don't want to slip, I don't want to fall  
I don't want to care or be here at all  
I don't want to crash, I don't want to burn  
I don't want to forget  
I'm a stranger that no one can see  
A stranger to every part of me  
I'm a stranger to all that I know  
A stranger, everywhere I go  
Sometimes I don't hate but I want to  
Blinded by the reason I found you  
It's just a feeling I get when I'm around you  
Can you relate to what I'm going through?  
How much farther will I get?  
Man, I feel like such a moving target  
how many times will I slip before I find it?  
Until then I guess I'll just keep climbing  
I don't want to slip, I don't want to fall  
I don't want to care or be here at all  
I don't want to crash, I don't want to burn  
I don't want to forget  
I'm a stranger that no one can see  
A stranger to every part of me  
I'm a stranger to all that I know  
A stranger, everywhere I go  
It's so hard when you're a loser  
Heaven help us find our way  
And it's so hard 'cause I'm a loser  
Heaven help me feel okay  
I'm a stranger that no one can see  
A stranger to every part of me  
I'm a stranger to all that I know  
A stranger, everywhere I go  
I'm a stranger to all that I know  
A stranger, everywhere I go
