

You're In the Air (Hi. Res.)

R.E.M.

You wanted a challenge, its calling you higher
I landed on my feet, crawling
I remember standing alone trying to forget you, idling
I hate to admit that, that's my reference point
But there it is, you say, "You want me" I'm what you found, I'm upside down
You're in the air, you're in the air
And I am breathing Brighten the stars
The weather is lifting
The Heaven's love, a love like this
It's pulling you higher, twist it and turn this around
It lights from within, it dribbles your chin
Now brings a smile, I'm lost again
I'm lost again I'm what you found, I'm upside down
You're in the air, you're in the air
And I am breathing you I want the stars to know they've won
If only to beguile
The sky has opened up again and Heaven reconciled
I want you naked, I want you wild
I want the stars to know they win
Give me that smile, just give it me, just turn it on
I'm lost again I'm what you found, I'm upside down
You're in the air
I'm what you found, I'm upside down
You're in the air I'm what you found, I'm upside down
You're everywhere, you're in the air
And I am breathing you
