

# The Gift of God In You

**Melissa Burke**

I see the faith in your eyes  
A whisper of hope that lives somewhere inside  
You're weary from all that you've been  
Reaching for strength through an unspoken prayer

Chorus:

-----  
His spirit is breath to your soul  
A witness of all that you know  
His love will lift, stir up the gift  
His power will speak the truth  
In your yearning, feel it burning  
The gift of God in you

There's so much expected of you  
So many depending on all that you do  
Remember you live by His grace  
And all that you're living for, comes from that place

Repeat Chorus

Bridge:

-----  
When life casts its shadows on all you believe  
Clouding your courage, threatening your peace  
His love will lift, stir up the gift  
His power will speak the truth  
The gift of God in you

Repeat Chorus  
The gift of God in you
