Authenticity

Maxxess

I have a stinger, I am a honeybee
I am a razor, please cut your wrists with me
You're supercommon, you flaunt your pedigree
You're clear as water, oh wu huh ohI'm already spinning in my grave
I'm already spinning in my grave, oh wu huh ohI am the subject of your documentary
You have a question? I am the third degree
I am authentic, I'm authenticity
I'm no such thing a, oh wu huh oh, come onI'm already spinning in my grave
I'm already spinning in my grave, oh wu huh oh
(It's a damn shame)I'm already spinning in my grave
I'm already spitting on your grave, oh wu huh ohI'm already spinning in my grave
I'm already spinning in my grave
