

# TV Set

[Will Hoge](#)

Hear me knocking on your door  
Hear me knocking on your door  
Let me in, I'll be good just like I was before  
Hear me knocking on your door Would you let me come on in  
Let me come on in  
Don't you know, I just want to be your friend  
Now, would you let me come on in I'll do more than hold your hand  
If you'd just let me be your man May I fix your TV set  
Let me fix your TV set  
I'll show you stations that you ain't seen yet  
Let me fix your TV set
