

The Promise

Arcadia

Whose tears on a gaping voice
 Who's stretching arms match the hunger of mine
 These lips will they never join
 Always draw me closer and further entwined
 With a promise dealer understand, all freedoms fade away
 To a point of view where many different pathways meet
 And we're standing on this precipice with nothing much to save
 But the deep blue screams of falling dreams with our next move
 Heaven hide your eyes
 Heaven's eyes will never dry
 The shades of a thousand steel
 Come flashing by my face in the fury of war
 In desolation and abandoned fields
 The hungry make their stand when they'll stand for no more
 Hear the passion in their voices, see the heaven in
 their eyes
 Their hopes and schemes are waiting dreams for less than paradise
 And sometimes we make promises we never mean to keep
 For blackmail is the only deal a promise dealer sees
 Heaven hide your eyes
 Heaven's eyes will never dry
 Heaven hide your eyes
 Heaven's eyes will never dry
 Heaven hide your eyes
 Heaven's eyes will never dry
 Heaven hide your eyes
 Heaven's eyes will never dry
 Heaven hide your eyes
 Heaven's eyes will never dry
 Heaven hide your eyes
